Preamble

The World Customs Organization, hereinafter referred to as the WCO,

and

The Lusaka Agreement Task Force, hereinafter referred to as LATF,

Hereinafter jointly referred to as “the Parties”.

Considering, on the one hand, that the WCO’s mission is to enhance the effectiveness and efficiency of Customs administrations in the area of compliance with trade regulations, protection of society and revenue collection, thereby contributing to the economic and social well-being of nations,

Considering, on the other hand, that LATF’s mission is to support member states and collaborating partners in reducing and ultimately eliminating illegal trade in wild fauna and flora,

Considering that the illegal cross-border trade in wild fauna and flora has been made more sophisticated through the use of superior technology and should be addressed through commensurate and co-ordinated national, regional and international measures,

Recognizing that illegal trade in wild fauna and flora is detrimental to the world’s ecosystems and is prejudicial to the planet’s natural heritage and the economic interest of States,

Noting that the WCO has increased its involvement in the prevention of illegal trade in environmentally sensitive commodities, including wild fauna and flora, \textit{inter alia} by concluding Memoranda of Understanding with the International Criminal Police Organization (Interpol), United Nations Environment Programme (UNEP), and CITES Secretariats, and also through the Green Customs Initiative,

Noting that LATF has continuously carried out trans-border joint law enforcement field

operations and international investigations related to wildlife crime,

**Further noting** that the Lusaka Agreement that established LATF is a multilateral environmental agreement and that, to promote its objective, it has concluded Memoranda of Understanding with the CITES Secretariat and Interpol Secretariat and with the Organization of Conservation of African Wildlife of Central Africa States (OCFSA), and has established working relations with several governmental and non-governmental institutions dedicated to the protection of wild fauna and flora,

**Recognizing** the need for co-operation between Customs services and other wildlife enforcement agencies in the fight against transnational crime,

**Appreciating** the desirability of the WCO and LATF co-operating in combating illegal cross-border trade in wild fauna and flora, as well as the willingness to co-ordinate their efforts within the framework of their missions and in line with the provisions of their founding Conventions,
