Co-ordinated border management

- Data sharing issue should be solved
- Reduction administrative burden at:
 - Application for an authorisation
 - Exchange of audit results; for instance known consignor/aeo
 - Better planning/coordination physical checks
 - Exchange of results of physical and documentary controls
- Reduction of costs
 - A second agency involved increases costs by €100 per container
- Mutual recognition
- One stop shop
- Verify/certify private checks

Thanks for your attention
