

# **Coordinated Border Management**

**Mr. Gaozhang Zhu  
Director  
Compliance and Facilitation**

**Regional Integration Conference  
15-16 June 2015**

# Why CBM?

**Multiplicity of Agencies at Borders**

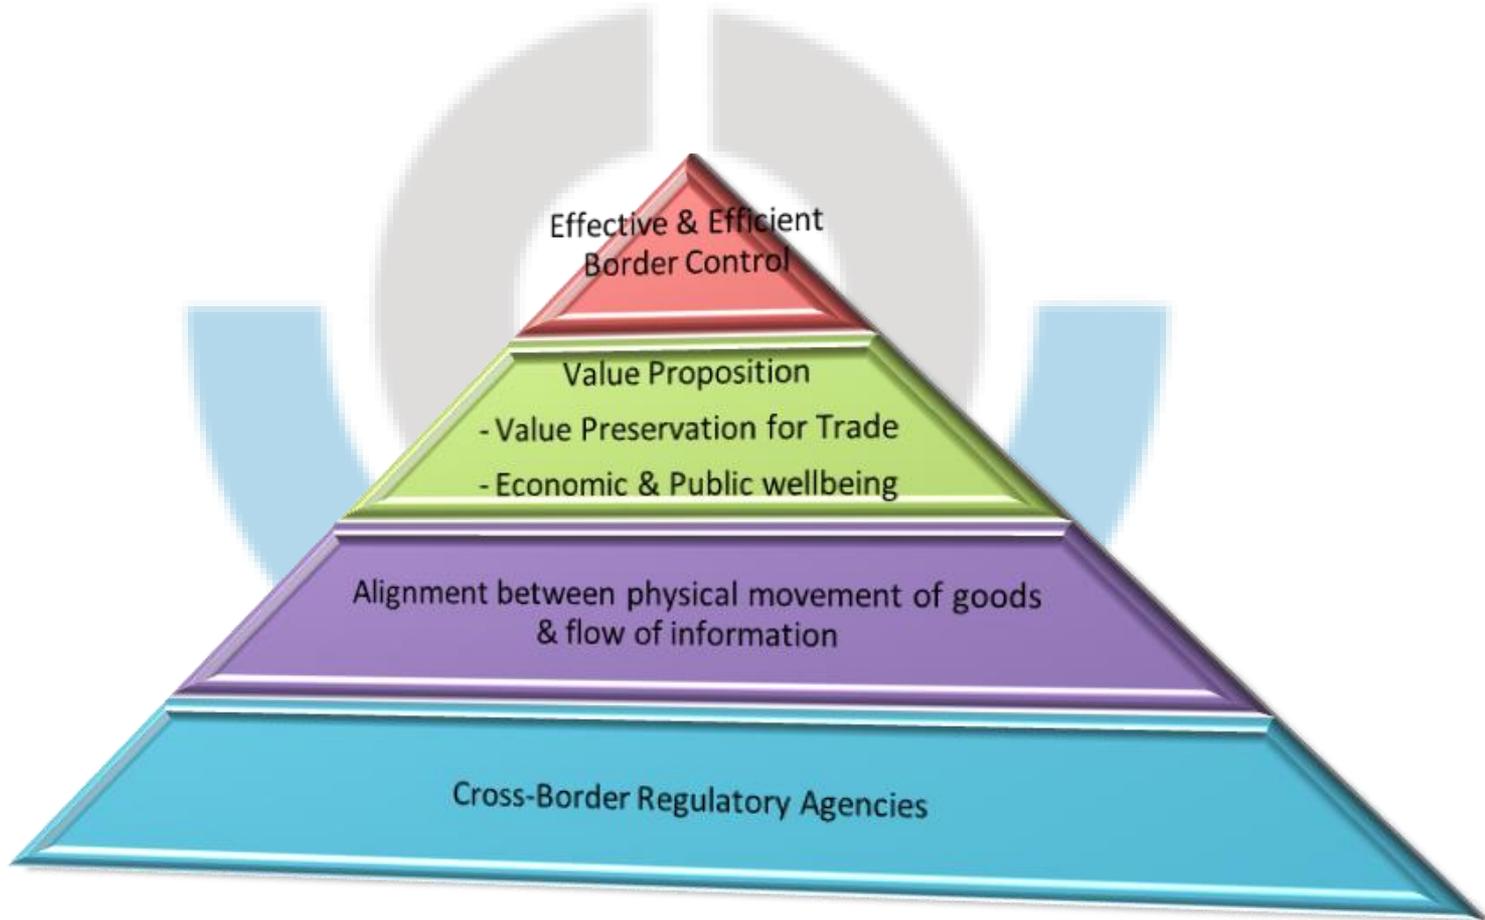

**Response to Resource Scarcity**

**Predictability and Reduction of Costs**

# Value Proposition and CBM

# Key Principles for the Coordinated Flow of Information & Movement of Goods

## Flow of Information

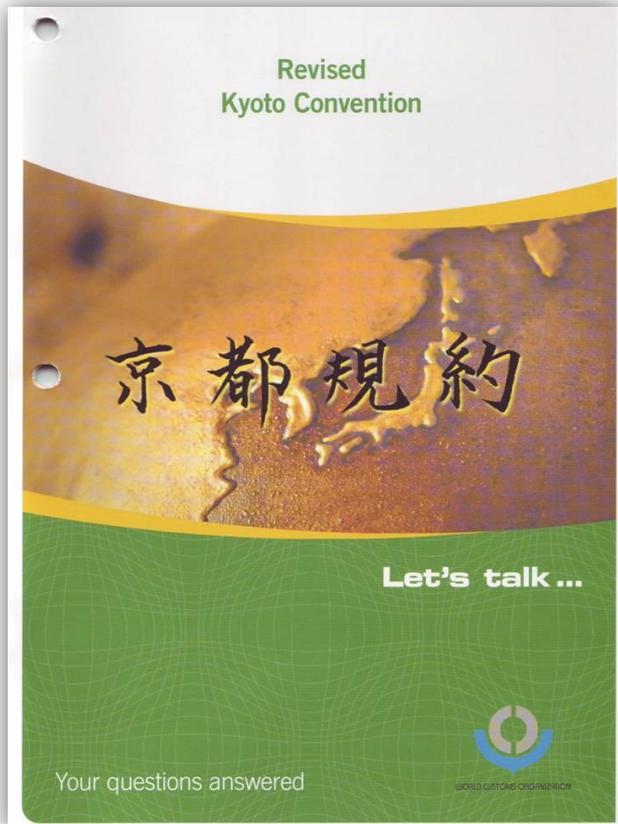

1. Regulatory Transparency
2. Streamlined Submission
3. Information Sharing
4. Information Protection

## Movement of Goods

1. Streamlined checks and clearance
2. Congestions Management
3. Manpower Availability
4. Infrastructural Availability

# CBM and WCO Tools

## Revised Kyoto Convention

Transitional Standard 3.35 is the principle on Customs inspection of goods in coordination with other comparable authorities.

Standard 3.3 as well as Transitional Standard 3.4 and 3.5 further elaborate on the coordination between Customs offices and neighbouring Customs at a common border crossing.

# CBM and WTO TFA

## TFA Article 8 – Border Agency Cooperation

8.1. A Member shall ensure that its authorities and agencies responsible for border controls and procedures dealing with the importation, exportation and transit of goods **cooperate with one another and coordinate their activities in order to facilitate trade.**

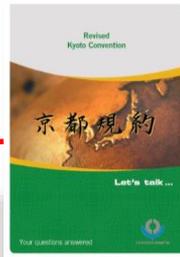

8.2. Members shall, to the extent possible and practicable, cooperate on mutually agreed terms with other Members with whom they share a common border with a view to **coordinating procedures at border crossings to facilitate cross-border trade.** Such cooperation and coordination may include:

- i. alignment of working days and hours;
- ii. alignment of procedures and formalities;
- iii. development and sharing of common facilities;
- iv. joint controls;
- v. establishment of one stop border post control.

# WCO tools to support TFA

The TFA obliges Members to adopt CBM within the country and across borders to facilitate trade.

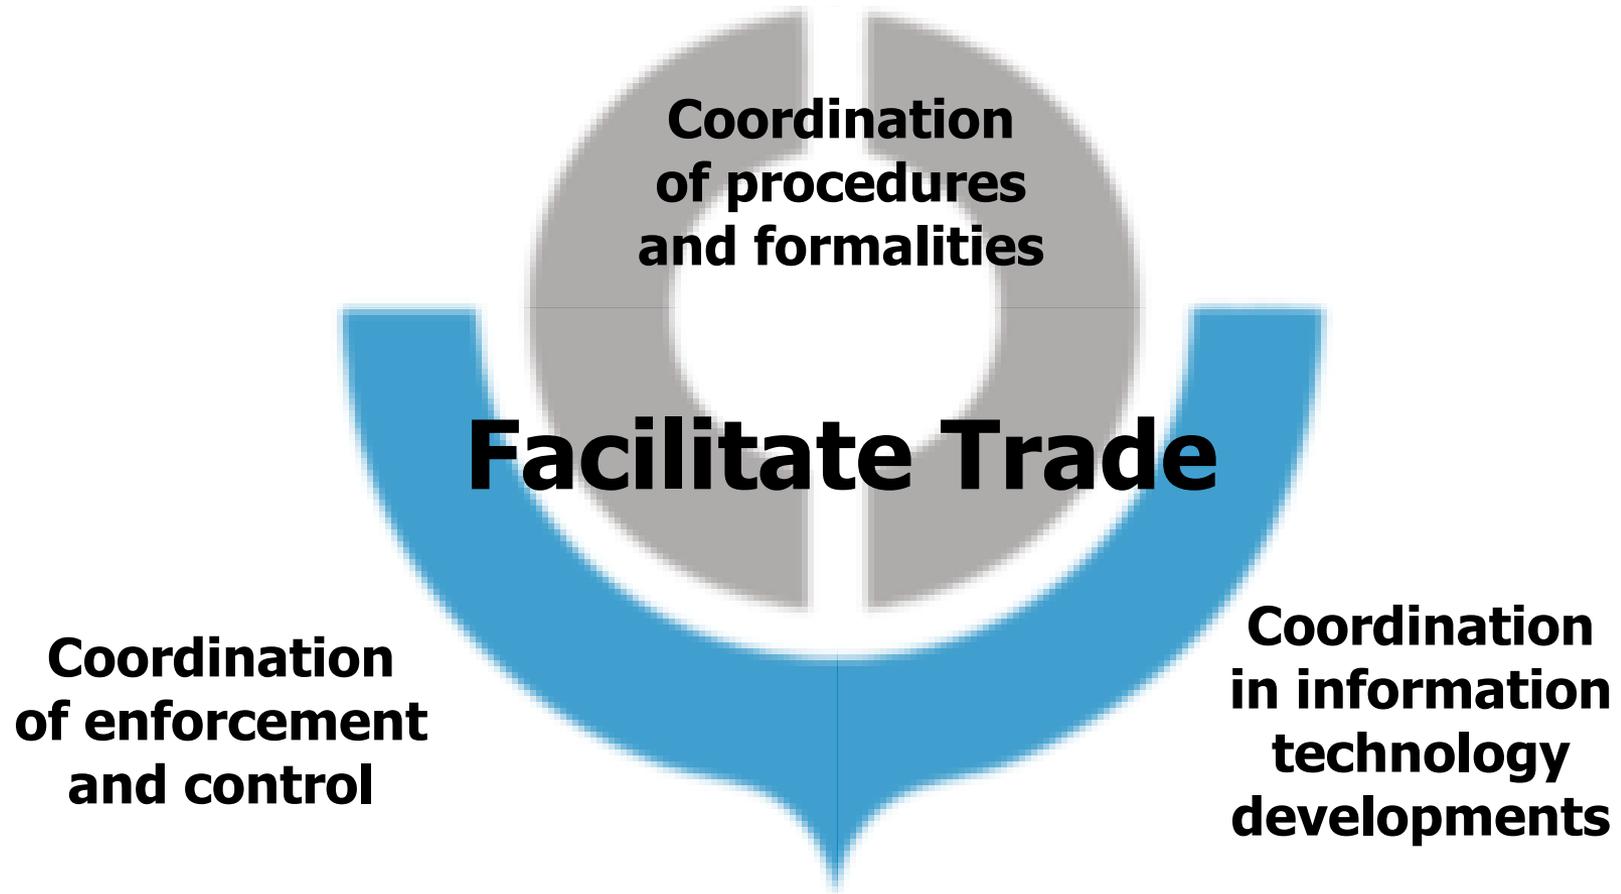

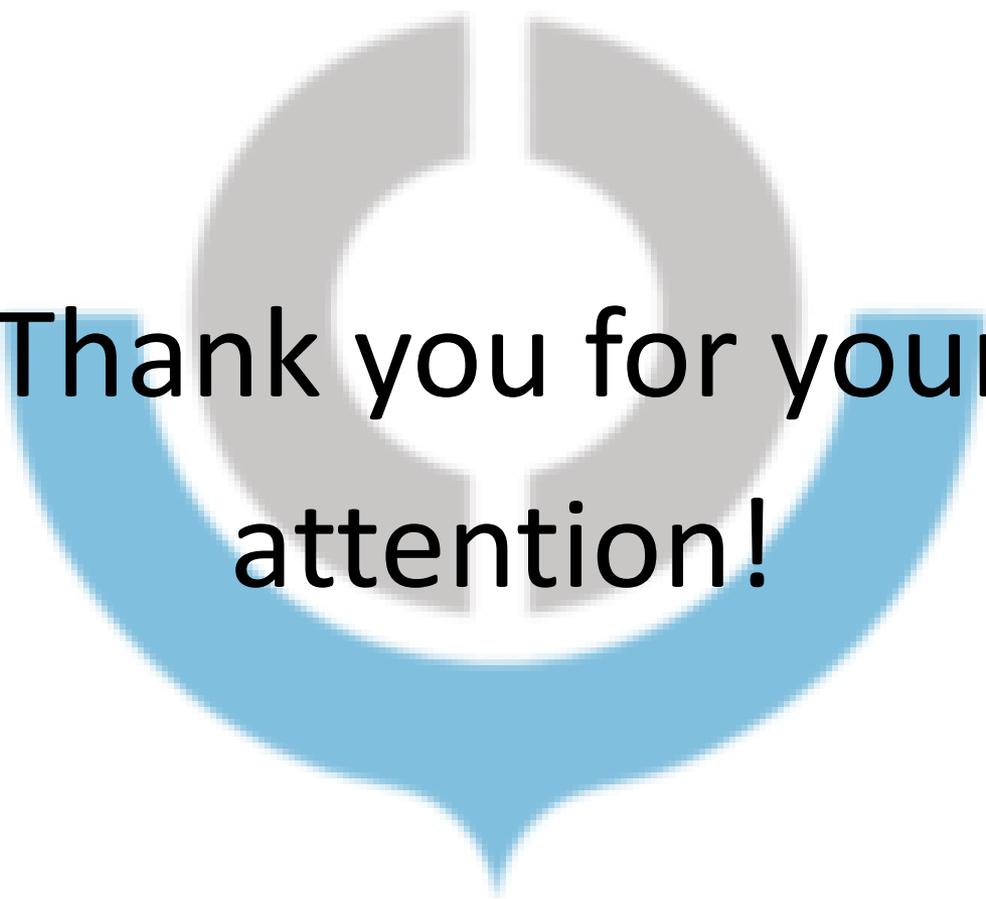

The RKC sets out basic principles of CBM and the RKC Guidelines offer guidance to implement the RKC standards.

The CBM Compendium introduces detailed and technical information on CBM, based on practices and experiences of WCO Members.
