ODASCE
www.odasce.asso.fr
THE MAIN GOALS OF THE UCC:

1. **DEMATERIALISATION** and rationalization of the rules and customs procedures.

2. **SAFETY/SECURITY** of datas and goods flow.

3. **TRADE FACILITATION** for certified Community operators « AUTHORISED ECONOMIC OPERATOR » AEO.
THE FRENCH APPROACH: « CUSTOMS-COMPANIES PARTNERSHIP »

THE EDUCATIONAL ODASCE APPROACH
the UCC provides **AEO** certified operators with **facilitations** in order to strengthens and enhances the Custom’s status of "**TRUST AND QUALITY**".

**AEO**

**A NATIONAL Advantage**

This status ensures the operator’s **compliance and knowledge of the customs regulations and allows him to benefit from customs simplifications as provided by the UCC**

**AEO S**

**A WORLDWIDE Advantage**

This status certifies the vigilance of the operator in terms of **SAFETY/SECURITY** regarding his goods flow and grants him facilitations for customs control.
① **UCC provides easy access to 11 authorizations for AEO C (Common Criteria):** authorization for simplified declaration, authorised consignee in Community transit, etc.

② **UCC gives AEO C exclusive access to 4 customs authorizations:**
- Centralized Clearance
- Reduction of the comprehensive guarantee for a potential or existing customs debt
- Self assessment
- Stock account data with discharge of presentation notification

③ **Facilitation for data requirements and security checks, access to mutual recognition for AEO S**
Becoming AEO in France
The Self-Assessment Questionnaire

MARCH 2016: Modified EUROPEAN SAQ includes NEW requirements to become AEO C in the UCC
The UCC includes a NEW Criteria to become AEO C :

**CUSTOMS COMPETENCE**

Implementing Act, art. 27 :

The operator must justify of « professional qualifications and practical standards of competence »
