

Customs and Monopolies Agency of Italy
26 January 2021

A special section of the Customs intranet (accessible to the personnel only) provides all not confidential Customs and acts of Other Government Agencies (OGA) regarding the Administration of the emergency, but for many of them a special link into a special section of the public internet Customs site (<https://www.adm.gov.it/portale/emergenza-covid-19>) is provided as well. Both the intranet and internet website contain links to relevant documents of the WCO and the EU, i.e. DG TAXUD.
