

RECOMMENDATION OF THE CUSTOMS CO-OPERATION
COUNCIL* ON THE USE OF STANDARD UNITS OF QUANTITY
TO FACILITATE THE COLLECTION, COMPARISON AND
ANALYSIS OF INTERNATIONAL STATISTICS BASED ON
THE HARMONIZED SYSTEM

(1 JULY 2006)

THE CUSTOMS CO-OPERATION COUNCIL,

CONSIDERING that one of the stated aims of the Harmonized System is to facilitate the collection, comparison and analysis of international statistics,

HAVING REGARD to the obligation under Article 3 of the Harmonized System Convention for Contracting Parties to establish their Customs tariff and statistical nomenclatures on the basis of the Harmonized System,

CONSIDERING that standardization and harmonization of units of quantity used in the compilation of statistical data relating to international trade and transport are regarded by the United Nations Statistical Commission as important means of improving the quality and further facilitating the collection, comparison and analysis of such data,

CONSIDERING that such standardization and harmonization of units of quantity also constitute effective measures for standardizing and facilitating the transmission of data by means of EDI,

NOTING the work carried out by the Harmonized System Committee in this field,

RECOGNIZING that the adoption of internationally agreed standard units of quantity by administrations for the purpose of reporting international trade data will not prevent them from using, in addition, other units of quantity or from using units of quantity that are convertible directly to the standard units, in their statistical nomenclatures,

HAVING REGARD to the amendments to the Harmonized System, which were accepted by Contracting Parties to the Harmonized System Convention in accordance with Article 16 of that Convention, and which will enter into force on 1 January 2007,

TAKING ACCOUNT of the need to revoke the Council Recommendation of 30 June 2001 on the use of standard units of quantity, which refers to the 2002 version of the Harmonized System,

* The Customs Co-operation Council is the official name of the World Customs Organization

REVOKES the Council Recommendation of 30 June 2001 on the use of standard units of quantity,

RECOMMENDS that Member administrations and Contracting Parties to the Harmonized System Convention report international trade data to the United Nations and other international organizations, in terms of the standard units of quantity specified in the Annex to this Recommendation, employing as many as possible, but not less than 90 percent of the HS subheadings, and

REQUESTS Member administrations and Contracting Parties to the Harmonized System Convention to notify the Secretary General of their acceptance of this Recommendation and of the date of its application and, in the case of partial acceptance (i.e., some standard units being not accepted), to specify which standard units have not been accepted and to indicate what units are used instead.
