KNOWLEDGE BEYOND BORDERS

FEATURE

Message from the Chief Executive Officer
The Centre for Customs and Excise Studies is truly unique. We service an international market in which no other organisation provides either the quality or range of products and services, and we continually strive to maintain and enhance our competitive advantage by:

- Adopting a leadership role within the international customs and academic communities,
- Expanding our global reach through the establishment of overseas offices and through partnership, franchising and representational arrangements.....[more](#)

OVERVIEW OF CENTRE

CCES is the international centre of excellence for innovative training, education, professional development, technical assistance and capacity building in relation to customs, excise, revenue management, border management and related areas.....[more](#)

- Education and Training**
We provide a comprehensive and unique range of vocational and postgraduate programs.....[more](#)
- Research**
We play an active role in the World Customs Organization's PICARD program.....[more](#)
- Consultancy**
CCES is involved in an extensive program of high-level international consultancy projects involving.....[more](#)
