

Customs and the Cloud

Demystifying the Cloud

World Customs Organisation ICT Conference 2011

Seattle, USA

accenture

High performance. Delivered.

Jim Canham

Director

Global Customs Industry

Accenture

..... allows users – from citizens, traders, to departmental employees, to IT staff – to obtain computing **services** and capabilities through the internet, regardless of the users' physical **location**.

These services, from raw infrastructure to complete business processes can be purchased and delivered through web interfaces and turned **on and off** as required.

Collaboration Demands?

Mobile Workforce?

Self Service?

Lengthy Procurement?

Budgetary Pressure?

Data Storage and Analysis?

Rising Infrastructure Costs?

Jim Canham

Director
