Spanish

Customs Knowledge Management and Networking

A collaborative platform to enhance Customs training initiatives.

WCO Networks for Capacity Building Experts

- **Global** expertise: WCO Accredited Experts
- **Regional** Capacity Building Structures: ROCBs and RTCs
- **National** Capacity Building Relays and HR/Training professionals

Access the WCO global portal

Free online access for all Member Customs officers after the nomination of a national coordinator.

Members' Own Programme

Import, customize, complete and translate the WCO training courses and tools on your national Customs server (or LMS: Learning Management System) for free, after signing a license with the WCO.

The structure of the programme makes it easy to be imported and adapted. With more than 25 Customs administrations already having installed the WCO course package at the national level, experience makes it even easier.
