### ARTICLE 11: FREEDOM OF TRANSIT

Mexico has total freedom of transit and seeks to strengthen the modernization and equipment of its Customs at all times, considering the WCO Manual on Transit, which addresses the different aspects related to Customs transit procedures. Therefore, its objective is to serve as a practical guide to help WCO Members to develop a functional and efficient transit system that contributes to reinforcing economic competitiveness and the security of revenue. In particular, this Manual helps developing Members to assess the effectiveness of their transit systems and identify areas for improvement.
