Mexico

ARTICLE 12: CUSTOMS COOPERATION

Mexico currently has 26 Bilateral Cooperation Agreements on Customs Matters in force with several countries.

These instruments facilitate trade flows and reduce trade costs. Likewise, they help effectively combat the wide range of threats to border integrity.

In addition, they facilitate the effectiveness in the fight and detection of illicit practices in international trade, provide cooperation and assistance in Customs matters and allow the exchange of information on foreign trade operations.

**Applicable Regulations:**
Customs National Law: article 3
