ARTICLE 5: OTHER MEASURES TO ENHANCE IMPARTIALITY, NON-DISCRIMINATION AND TRANSPARENCY

5.1 Notification for enhanced controls or inspections

Designed notification controls and inspections systems related to human, animal and plant health to generate alerts and published link through the trade portals.

5.2 Detention

Importers are informed on timely manner when their goods are put in detention for inspection by Customs; therefore, Customs ensured that the detained goods are not overstayed in Customs-controlled area in order to avoid to pay extra charge by importers / exporters.
